

# Petition Drive

*Colorado Convention of States*

*5 Petition Signers for Article V*

**5=V**

**Grow the Grassroots!**

## Let's do this in 2019!

"We the People" were given a gift by the Founders.

When Federal dysfunction (the swamp) leads to abusing power, exceeding power, and committing negligent mistakes, the people have the power to reign in the government.

Now is the time to ramp up our Colorado Convention of States Action petition drive! This is a non-partisan effort to increase our Colorado signatures from 25,000 to 100,000. That is a big goal! But, it will only take a little effort on your part!

We ask you to get **FIVE** more petition signatures to invoke Article **V** of the U.S. Constitution to call a convention for proposing amendments.

That's all we ask. Your COS state leaders will do the rest

THANK YOU!
