

CONVENTION of STATES

Prayer Warriors Battle Plan

January 2021

Scripture of the Month

We wait in hope for the Lord; he is our help and our shield.

In him our hearts rejoice, for we trust in his holy name.

May your unfailing love be upon us, Lord, even as we put our hope in you.

—Psalm 33:20-22

Father God, our nation is at a point of crisis. We confess that we have turned away from the godly heritage you have blessed us with and turned to godless philosophies and the wisdom of man. Now we are reaping the results in the form of contention, corruption, and violence. We are unable to heal ourselves, Lord, but we are putting our trust in you. Grant us mercy and act on our behalf. Thank you that your love is unfailing, and remind us to rejoice in that truth even when faced with anxiety. We wait expectantly for you to bring your purposes to pass in our nation.

Leadership Prayer Focus

Jonathan Viaud is a new regional director overseeing the states that have passed the COS resolution. Previously he served as state director in New Jersey.

Pray for Jonathan to develop good relationships with the many teams in the passed states. He asks prayer specifically for effective surge events in these states over the next few months. Also pray blessings over his family's new home in Florida.

January Events and Requests

- Pray for connections with newly-elected legislators and that they will be supportive of Convention of States.
- We expect 2021 to be a big year for COS. Pray for wisdom for the leadership as the movement is in new territory. The results of the election indicate good opportunities ahead.
- Keep Mark Meckler in your prayers as his travel schedule gets more intense moving into 2021. Ask that he will be able to have time with God in the midst of the pressures. Pray for wisdom, discernment, and protection.
