Prayer Warriors Battle Plan

July 2020

Scripture of the Month

The ax is already at the root of the tree, and every tree that does not produce good fruit will be cut down and thrown into the fire.

— Matthew 3:10

Lord, all the unrest we are seeing in America shows that there are many who want to tear down our basic institutions and destroy our culture. We see from John's words above that it is only your will to chop down trees with bad fruit. We invite your pruning hand to do its work in our nation. Lay your ax to the root of injustice and prejudice, to political structures that only serve those in power and to religious systems that propagate a false gospel. But we ask you to protect those elements of our culture that promote liberty and allow us to live peaceful lives in godliness and holiness. And ultimately, we ask you to use COS as a tool in your divine pruning process.

Liberty Prayer Focus

A new feature of the Prayer Warriors Battle Plan is a periodic focus on organizations other than COS that are also working to preserve liberty in our Republic.

There is currently a great concern about voter fraud.

Let's pray for **True the Vote** (truethevote.org), an organization that is focused on election integrity.

Founder Catherine Engelbrecht asks prayer specifically that God will hear their cries and raise up 1,000,000 patriots willing to stand in defense of free and fair elections. Also join her in praying that all who love the Lord will keep love in their own hearts as they strive to lead graciously in these extraordinary times.

July Events and Requests

- Pray for strategy and training meetings that are happening in many states during the summer months.
- Pray for states that still have legislative sessions in progress as the restrictions begin to ease, that COS legislative efforts will be able to regain momentum.
